PRODUCT BULLETIN: 10-013

SUBJECT: Southern Steel 10300 Extender Revision

DATE: December 16, 2010

An improved extender design for the Southern Steel 10300 series locks replace extender part numbers 76768780 and 76768781 effective immediately. The new spring-loaded design allows simple field adjustment and easier hollow metal prep.

Part numbers 76768780 and 76768781 will be available ***upon customer request only*** until June 1, 2011. After that time, these products will be permanently discontinued.

To order or for information on door prep changes and part numbers, please contact one of Southern Folger's Authorized Stocking Distributors.
