

# Southern Folger

Detention Equipment Company Founded 1897

A COASTAL DETENTION HOLDINGS LLC COMPANY

## Distribution Network

We have made significant progress in enhancing the availability of our high-security detention equipment for end users and correctional facilities by authorizing three stocking distributors to carry **Southern Steel®**, **Folger Adam®**, and **RR Brink®**.

These distributors are equipped to assist with lock replacement, part identification, lock repair, and key cutting. To ensure you receive genuine factory replacement parts, please direct all your lock and hardware requirements to one of these authorized distributors. This will help us serve you better and ensure the smooth operation of your facilities.
